

Project Consulting in Pharma and Biotech

ASPIRAS wishes you a sunny and successful summer 2004! What's new in July 2004?

Service profiles for download on our website

After log-in to the ASPIRAS club at (www.aspiras.de/de/seiten/club/club.html) you will find a company presentation and several profiles of our services which we are keen to provide to you under 'ASPIRAS material/download'. This material will be complemented frequently so that you should look at the site every once in a while. Let ASPIRAS convince you with performance!

Strategy development

For the Fraunhofer-Verbund Life Sciences (FhG-VLS) ASPIRAS developed a proposal for a future-orientated strategy in the area of pharma-related research and development services. You will find a letter of excellence regarding this project at <http://www.aspiras.de/de/seiten/projektbeispiele.html>.

Diploma theses on 'Entrepreneurship' and 'Quality Management'

In the first half of this year Nadine Schmidt and Timo Meyer have completed their diploma theses in the above mentioned areas. Abstracts are available at www.aspiras.de/de/seiten/club/club.html for download. Right now we are supporting a thesis in the area of marketing and PR. Please let me know under paul@aspiras.de if you have ideas to share regarding interesting new thesis projects.

Take a break!

On the recreational site of ASPIRAS a new photograph and a new citation will enhance your creativity: www.aspiras.de/en/seiten/break.html.

Challenge us

Just contact us non-committally and tell us your problem. Based on a sound analysis *ASPIRAS* offers you a coarse concept including a cost estimation. After consultation with the client it provides the following services: project target identification, project planning regarding time, capacity, cost and manpower, project implementation and control and project documentation. *ASPIRAS* finalises projects effectively and in the agreed upon time frame. Please contact Cathrin Pauly, pauly@aspiras.de.
